## A CRISIS IN SPAIN.

The Spanish Cabinet Resigns—Senor Sagasta, Prime Minister, Will Form a Liberal Government.

A Member of the French Chamber of Deputies Wounded in a Duel in Which Swords are Used.

A New Ministry Formed at Cairo—The Emperor Frederick Improving at Potsdam—No New Developments.

**Spain.**  
**THE MINISTRY RESIGNS.**  
MADRID, June 11.—The Cabinet has resigned after accepting the resignation of General Martinez Campos, Governor-General of the province of New Castile, tendered some time ago. This will enable Senor Sagasta, Prime Minister of the existing Cabinet, to form a new Liberal government.

**France.**  
**A DUEL BETWEEN STATESMEN.**  
PARIS, June 11.—A duel took place today between M. Paul de Ruedo and M. Arene, member of the Chamber of Deputies for the department of Corse. Weapons used were swords. Arene was wounded.

**Egypt.**  
**THE NEW MINISTRY.**  
CAIRO, June 11.—A new ministry has been formed as follows: Biaz Pacha, President of the Council, Minister of the Interior and Minister of Finance. Tsal Pacha, Minister of Justice. Fehen Pacha, Minister of Foreign Affairs. Omar Lufd Pacha, Minister of War. Saad Bey, Minister of Public Works. Almonbourk Pacha, Minister of Education.

**Germany.**  
**THE EMPEROR WORSE.**  
LONDON, June 11.—The Berlin correspondent of the St. James Gazette telegraphs that the Emperor is distinctly worse, and has lately suffered severe pains. The correspondent also says that a hole has been discovered between his windpipe and gullet, and the taking of food is thereby made dangerous.

**Prussia.**  
**PASSING A GOOD NIGHT.**  
POTSDAM, June 11.—The Emperor Frederick passed a good night. The difficulty in swallowing which has troubled him for a few days past has not entirely disappeared. His appetite is better. The Crown Prince William called upon his father at 9 o'clock a.m.

**Another Resignation.**  
BERLIN, June 11.—It is stated that Herr Schulz, Prussian Minister of Finance, has resigned his portfolio.

**Von Puttkamer's Resignation.**  
BERLIN, June 11.—The North German Gazette denies that the Emperor demanded of Herr Von Puttkamer explanations of his administration of his office.

The Imperial receipt, beyond giving notice of the Emperor's assent to the quinquennial bill, only added that the Emperor assumed that freedom of elections should be carefully guarded by representatives of the government in order to avoid everything like pressure upon voters. Herr Von Puttkamer's report said that most of the complaints were groundless, that a few cases of corrupt practices had been proven and that the guilty officials were punished. Herr Von Puttkamer did not cling to the office. On the contrary he had intended to resign when the present Emperor came to the throne, but was delayed in effecting his purpose because his colleagues urged him not to resign until the Emperor's health improved.

**Slightly Improved.**  
BERLIN, June 11.—The Emperor still experiences difficulty in swallowing. This evening his condition was slightly improved. Dr. Hovell has returned from London.

**England.**  
**BLAINE'S WHEREABOUTS.**

Special to the Gazette.  
WACO, Tex., June 11.—Justice F. M. McKieg held an inquest upon the body of a negro baby who was found dead in his bed this morning when the child's mother rose. The child was well and hearty when going to sleep last night. No cause can be assigned for the sudden death.

**Henrietta.**  
Special to the Gazette.  
HENRIETTA, TEX., June 11.—The new city hall here is now almost completed, which after its completion, will be used as the place for the transaction of the general business of the city, and as the headquarters for the Henrietta Protection Hook and Ladder Fire Company, lately organized here.

The Farmers' Alliance of the county held their annual mass meeting on last Saturday, about 125 members being in attendance. Wheat, and some oats, are now being cut. The farmers report every sort of crop in the finest condition, that everything is yielding far beyond their most sanguine expectation.

What, and some oats, are now being cut. The farmers report every sort of crop in the finest condition, that everything is yielding far beyond their most sanguine expectation.

Land buyers are in town looking at our county and prospecting for homes. The land boom seems to be running above the tide.

reading the dispatch Mr. Depew said that he has no friend in New York who would or could have written such a letter, and indeed if such a letter had been written it was unwarranted and untrue. In fact the alleged statements are falsehoods.

**Gataviti's Death.**  
Special to the Gazette.  
GATAVITI, TEX., June 11.—A county ratification meeting was held this evening, and enthusiastic speeches were made by E. A. McDowell, Democratic elector, W. E. Brown and others, endorsing Cleveland and Thurman.

**A FREIGHT WRECK.**  
A Smash Up on the Texas Mexican Railway Between Laredo and Corpus Christi. Special to the Gazette.

**LAREDO, TEX., June 11.**—The news of a wreck on the Texas Mexican Railway between this city and Corpus Christi which occurred Saturday night has finally come out. A freight train bound for this city was rounding a curve near the station of Duval, about ninety miles east of this city, when it collided with a push-car loaded with railroad iron. The engine reversed his engine and sprang to the ground before the push-car penetrated the locomotive boiler, going through the flues and disabling it. The fireman, who did not jump, was fortunate enough to escape with but a slight injury, one of his hands and arms being disabled. He will lose neither. The section boss was to blame, having ordered out the push-car without flagging ahead. The wreck was cleared in less than two hours. There were no other casualties.

**AUSTIN.**  
The Stockholders of the Drill and Dedication Board Hold a Meeting—What Was Done.

The enormous pile of cash in the vaults of the State Treasury—Preparing for Yellow Fever.

**Special to the Gazette.**  
AUSTIN, Tex., June 11.—The amount of \$75,000 of the remainder of the Texas indemnity fund of \$927,000, was received at the Treasury to-day and deposited in the great new steel vault on the first floor of the new capitol. Twenty-five thousand dollars will be received to-morrow from local banks, thus making the payment complete. This will make the actual cash in the Treasury at this date \$2,200,000.

The Electric Light and Power of Tyler, filed its charter to-day. Burnett county has deposited in the geological museum in the new capitol a splendid assortment of the mineral specimens of that county, including iron ore, marble, petroleum and a large onyx stone.

Governor Ross has returned from Waco. Judge Pouncey, of the District court, is at his home in Georgetown, and will not return until Wednesday, when it is expected he will deliver his decision on the suit of the State vs. the International and Great Northern Railway, for forfeiture of charter and privileges.

Mr. L. E. Daziel, an ex-editor, but now in the proprietary medicine business, was arrested to-day, charged with perjury, on complaint of Mr. Wm. Redam, a rival Microbe Killer dealer. It is not believed there is anything in the case.

Heavy rains fell here to-day. Reports from the country say it is wet, and crops are in the grass.

Dr. Rutherford, state health officer, is here. The authorities have assigned him three magnificent rooms and offices for the state health department in the four h story of the new capitol, which are, however, easily reached by the elevator, which is now running every day. It is understood Dr. Rutherford is preparing for an active campaign against yellow fever, which many people fear this coming fall.

Stockholders of the drill and dedication board held a meeting to-night. The secretary of the drill board read the report of the treasurer of the association, and of the board of directors. A committee of Messrs. Tobin, Brakenridge, Postmaster Johnson, Walter Lipps, and Bartholomew, all leading citizens, was appointed to examine the report. The report shows total receipts from first to last, including gate fees, \$69,375, and total expenditures, \$63,894.94. So it took over \$60,000 to furnish the amusement at the recent drill and dedication. The stockholders to-night unanimously passed a resolution thanking, endorsing and commending the drill board for honorably and efficiently carrying out the programme. It may be stated the citizens of Austin almost unanimously join in this expression. The board of directors was composed of young men as follows: General A. S. Roberts, president; Frank Hamilton, P. J. Lawless, Joe Nalle, C. I. Hicks, Peyton Brown, John T. Dickinson. Of these General Roberts commands the state militia; Mr. Hamilton is well known among the bankers; Lawless is the popular railroad ticket agent here; Mr. Nalle is the mayor of the city; Mr. Hicks is a prominent young merchant; Mr. Brown is the young and able editor of the Statesman, and Mr. Dickinson is also the secretary of the Capitol and Penitentiary Board. All are young men of high standing in the community and have the confidence of the entire better class of our citizens.

The "logwood tree" is the latest. It has its headquarters at Philadelphia, and the druggists are "killing."

## TIME TO VOTE.

The Democrats Considering Plans to Choke off the Five Minutes Debate on the Tariff Bill.

The Senate Committee on Appropriations Have Increased the Amount of the Postoffice Appropriation.

The Senate Committee on Judiciary Further Consider the Nomination of Melville W. Fuller.

**THIRD OF TALKING.**  
WASHINGTON, June 11.—The Democratic caucus announced for midnight was not called at the instance of the Democratic members of the ways and means committee, but at the demand of a number of Democrats who are dissatisfied with the slow progress made with the tariff bill. The object is to devise means for restricting the five minutes debate. Just how that is to be done is not clear to most Democrats, but various plans are under consideration, one of which contemplates an agreement among the Democrats to remain silent and take no part in the debate, letting the Republicans do all the talking.

**POSTOFFICE APPROPRIATIONS.**  
WASHINGTON, June 11.—The Senate committee on appropriations has increased the postoffice appropriation by \$1,540,000. One million dollars is appropriated to carry on the eight-hour law with respect to letter carriers, and \$500,000 is appropriated for subsidies, the provision being substantially that advocated by Senator Frye last year. The House provision appropriating \$50,000 to pay the postoffice clerks for unusual business is struck out, and the provision of \$650,000 for rent, light and fuel for third class offices is reduced to \$450,000 with a proviso that there shall not be allowed for rent of any third class office more than \$500, nor more than \$60 for fuel and light in any one year, and that no contract shall be made calling for the payment of either rent, light or fuel beyond the end of the next fiscal year.

**AGAIN POSTPONED.**  
WASHINGTON, June 11.—The Senate committee on judiciary to-day further considered the nomination of Melville W. Fuller, to be Chief Justice, without result. The meeting continued nearly half an hour after the Senate had assembled, and the case was then postponed for two weeks.

**BEFORE THE TARIFF COMMITTEE.**  
WASHINGTON, June 11.—The Senate sub-committee on tariff to-day heard the views of the cotton bagging makers on the tariff. The committee was told that the cotton bagging manufacturers had been established with imported machinery upon which a duty of 40 per cent. had been paid, and that the capacity of the establishments was now fully 100 per cent. in advance of the demands for bagging. A reduction of the present rates could be secured only in case jute bales were made free. The competition in India in bagging is so fierce, however, that if it were made free as proposed by the bill the factories would suffer speedy ruin. It was further represented that there is no demand from the planters for free bagging, inasmuch as the bagging as well as the iron hoops on the cotton bales is all weighed and paid for as cotton, and the planter in this way receives more for the bagging than he pays for it.

**EXECUTIVE CLEMENCY.**  
The President has granted a pardon to George Smith, Western district of Arkansas, convicted of larceny and introducing spirituous liquors in the Indian Territory and sentenced to one year's imprisonment on each charge and to pay \$50 fine; also John S. Seider, Cherokee district, Western district of Arkansas, manslaughter.

Sentence suspended, Bruce C. Smiley, Arkansas, destroying letters by burning a postoffice of which he was postmaster, sentenced November 6, 1887, to one year.

**TEXAS PENSIONS.**  
Special to the Gazette.  
WASHINGTON, June 11.—The following Texas pensions were increased to-day: Job Bump, S. gain, Mexican War veteran; William C. Adkins, Terrail. McKean Williams—Arms E., widow of Thomas Cannon, Austin.

**Killing in Marion County.**  
Special to the Gazette.  
JEFFERSON, TEX., June 11.—A colored man by the name of Louis Rucker, who lives in the upper part of this county, was shot and killed Saturday by Ralsey Browney with whom he had had a difficulty. Browney was arrested and brought to town yesterday evening, and is now in jail.
